

	March 2009	YTD 2009	Inception Date	Lifetime RoR p.a.	Program Assets
Global Diversified Composite *	-3.36%	-1.84%	May-99	19.48%	\$105M
Barclay BTOP 50 Index	-2.02%	-1.80%	like-for-like	7.13%	

The Global Markets Programme declined 3.36% in March. A recovery in stocks, in response to the US stimulus package, had a negative impact on our short positions. We also suffered small losses on short positions in Copper and Cotton as hopes of economic recovery caused a rebound from recent lows. These moves were partially offset by strengthening bond markets as UK & US governments announced bond repurchase plans. Cocoa also rallied on rumours of reduced grinding in response to weaker global demand.
